<ul style="list-style-type: none"><li>Enhanced UX with design systems, integrating APIs, collaborating with backend teams.</li><li>Gathered client requirements and translated them into effective UI designs and prototypes..</li></ul>	
<b>Frontend Developer Intern</b> <i>SHMTH Capital</i>	Apr 2023 - Jul 2024 <i>Remote</i>
<ul style="list-style-type: none"><li>Spearheaded the creation of a Trading platform, integrating TradingView for real-time market insights.</li><li>Developed the SHMTH Capital website, optimizing navigation and integrating TradingView.</li></ul>	
<b>Frontend Developer Freelancer</b> <i>Webnetics</i>	Aug 2022 - Jan 2023 <i>Remote</i>
<ul style="list-style-type: none"><li>Led the development of a Next.js landing page website, utilising JavaScript, TypeScript, and TailwindCSS.</li><li>Built static frontend UI from the ground up using Next.js, SASS and Figma handover designs.</li><li>Worked remotely with a distributed team from around the globe, collaborating closely using screen-sharing.</li></ul>	

## Professional Projects

**GetLifeGuard** | *Next.js, TypeScript, TailwindCSS, ShadCN, Prisma & MongoDB*

- Project Management:** Led full-cycle development for an international client's shopping platform, from planning to delivery.
- Technical Skills:** Built E-Commerce features, integrated Stripe & ShipMonk, used Prisma for database, and secured routes with a rate limiter.
- Client Collaboration:** Communicated effectively with international clients to meet project goals and technical requirements.

### Velvi Matrimony | *Next.js, TypeScript, TailwindCSS*

- **Web Development:** Created a dynamic webpage for a matrimonial business, showcasing client understanding and project management.
- **Agile Methodology:** Employed agile practices to gather requirements, plan, design, and deliver the project on time.
- **Advanced Features:** Implemented OTP-based authentication, enabled PDF biodata downloads, and built an admin panel for profile management.

### Integra: Leads Generation Platform | *Next.js, TypeScript, TailwindCSS, Express, Open-AI*

- **Project Management:** Orchestrated project milestones, tasks, and timelines for optimized planning and execution
- **Team Leadership:** Directed a collaborative team of developers and designers for seamless project delivery.
- **Workflow Optimization:** Implemented a robust design system and development tools to streamline workflows and enhance productivity.
- **Payment Integration:** Enabled Razorpay integration for subscription payments.

### Drafton | *NextJs, TypeScript, TailwindCSS, Prisma, ShadCN, Open-AI*

- **Authentication and Newsletter:** Implemented NextAuth for authentication and integrated Mailchimp for newsletter subscriptions.
- **UI Development:** Created dashboard UI components and implemented dark mode with a custom hook for better user experience.
- **CMS Integration:** Leveraged Notion as a CMS to create a dynamic blogs page, ensuring seamless website integration.

## Open Source Projects

---

### Milan | *ReactJs, JavaScript, Express, Bootstrap, TailwindCSS*

- Contributed to an open-source portfolio website project with 300+ stars on GitHub.
- Developed a versatile and reusable button component with customizable theme styles. PR#691
- Implemented a modal with a focus on excellent UI & UX, and leveraging React Portals. PR#615
- Enhanced and refined form component with improved UX, including optimized focus states and bug fixes. PR#611

### Developer-Portfolio | *NextJs, JavaScript, TypeScript, Bootstrap, Animations*

- Contributed to an open-source portfolio website project with 500+ stars on GitHub.
- Migrated NextJs application from JavaScript to TypeScript. PR#44.
- Setup development environment by implementing Prettier. PR#43.

## Personal Projects

---

### Portfolio Website Template | *Next.js, TypeScript, TailwindCSS, Framer-Motion*

- Developed an open-source portfolio template platform, garnering 100+ stars and 30+ forks from the open-source community.
- Designed an open-source project with user-friendly interfaces and extensive re-usability, enabling anyone to create portfolios effortlessly, resulting in 10+ collaborators and 20+ users.

### Easy Fix | *React.js, JavaScript, TypeScript, TailwindCSS, Vitest*

- Created an open-source platform aimed at facilitating easy issue discovery, fostering collaboration within the open-source community, garnering over 50 stars.
- Created and maintained this open-source project, complete with comprehensive documentation, user stories, and flow diagrams, attracting a diverse group of 15+ global contributors.

### Remotive Jobs | *Next.js, JavaScript, Redux, SASS*

- Developed an open-source job board for remote opportunities.

## Technical Skills

---

**Languages:** C/C++, JavaScript, TypeScript, HTML, CSS, SASS, Python

**Technologies:** Next.js, React.js, Prisma, Express.js, TailwindCSS, Framer Motion, jQuery, Node.js, Figma

**Concepts:** : Operating System, Data Structures & Algorithms, AI/ML, API, DBMS, Project Management
